2023 Sessions At-a-Glance

2026 FIFA World Cup

Ryan Bjorn, New England Patriots/Revolution

FIFA World Cup Coming to US

The 2026 World Cup will take place in three North American countries: the United States, Mexico, and Canada. This will be the first time that the tournament is hosted by three different nations and it will be the very first time that the event will be contested in Canada. Learn the logistics of getting the fields up to FIFA standards. IPM regulations. What type of tests and procedures needing to be followed.

NFL Overseas

Nick Pappas, NFL Field Surface Director

Growing the Game. Focus on International Games and the global growth of NFL. Growing Trends in technology in the industry and growing as a leader in the industry. 2023 International Series, with five games set to be played in Europe throughout the regular season. Learn the ins and outs of hosting an NFL event overseas. IPM protocols in Europe vs. USA. Understand the timeline of getting the fields ready for safe play. Nick will also review NFL Superbowl procedures.

Sports Turf Manager, Athletic Director, Coaches, Athlete relationships. We are 1

Peter Thibeault, CSFM Noble and Greenough School

Pete will review Joe and Pete's Sports Turf Rules. Understanding the importance of relationships between Sports Turf Manager, Athletic Director, Coaches, and Athletes. He will demonstrate how he communicates with all parties and share the strategic plan to keep fields safe and playable. Pete will review his IPM and how he communicates it to each group.
